Cr Mileto asked why we continue to repair roads on top of repairs and are patching pot holes all the time.

The Director Technical Services stated that Council does have an aging road infrastructure and do prioritise renewals over patching. Council is actively pursuing grants where we can to do more renewals. However, we do not simply stop patching and Council will continue to maintain the surface of roads through patching where necessary.

MATTER ARISING

Cr Duffy requested a report to be provided to Council on the options of holding a bulky waste collection earlier than February 2021.
