1 INTRODUCTION

1.1 DECLARATION OF PECUNIARY INTERESTS, SIGNIFICANT NON-PECUNIARY INTERESTS AND LESS THAN SIGNIFICANT NON-PECUNIARY INTERESTS

The provisions of Chapter 14 of the Local Government Act, 1993 (the Act) regulate the way in which Councillors and designated staff of Council conduct themselves to ensure that there is no conflict between their private interests and their public role.

The Act prescribes that where a member of Council (or a Committee of Council) has a direct or indirect financial (pecuniary) interest in a matter to be considered at a meeting of the Council (or Committee), that interest must be disclosed as soon as practicable after the start of the meeting and the reasons given for declaring such interest.

As members are aware, the provisions of the Local Government Act restrict any member who has declared a pecuniary interest in any matter from participating in the discussion or voting on that matter, and requires that member to vacate the Chamber.

Council's Code of Conduct provides that if members have a non-pecuniary conflict of interest, the nature of the conflict must be disclosed. The Code of Conduct also provides for a number of ways in which a member may manage non pecuniary conflicts of interest.

RECOMMENDATION

It is recommended that Committee Members now disclose any conflicts of interest in matters under consideration by the Recreation & Culture Policy Committee at this meeting.

4 GENERAL REPORTS

4.1 BICYCLE COMMUNITY COMMITTEE ACTION PLAN

RECORD NUMBER: 2025/974

AUTHOR: Jessica Jackson, Executive Support Officer

EXECUTIVE SUMMARY

Council has noted the important role that Community Committees play in providing feedback and input into Council's operations. Committees can also offer ideas and suggestions to be considered as part of Council's Integrated Planning and Reporting framework, and related annual budget.

As a means of recording ideas, suggestions and activities made and undertaken by members, each Committee will develop and review on an ongoing basis an Action Plan.

This report provides the opportunity for the Committee to review the outgoing Committee's Action Plan and consider items to be added to the new Action Plan.

The Action Plans Review and Update will be a standard item at each meeting.

LINK TO DELIVERY/OPERATIONAL PLAN

The recommendation in this report relates to the Delivery/Operational Plan strategy "15.3. Provide opportunities for widespread and quality engagement, and where appropriate, shared decision making".

FINANCIAL IMPLICATIONS

Items on the Action Plan will not necessarily be put into Council's program of works or budget. Rather, the Action Plan will be used by the Committee and staff to provide suggestions for Council's consideration and track specific tasks, projects or requests of the Committee.

Items may short-term or long-term goals or activities that can be worked on over time.

POLICY AND GOVERNANCE IMPLICATIONS

Nil

RECOMMENDATION

1. That the Bicycle Community Committee reviews the outgoing Committee's Action Plan.
2. That the Bicycle Community Committee consider and discuss items to be included on the New Action Plan.

SUPPORTING INFORMATION

An update to the Committee's Action Plan will be a standard item on every agenda for discussion and review. The Committee Clerk will ensure the Action Plan identifies possible budget and resourcing implications, and also how an item links to Council's Delivery/Operational Plan or could be proposed for future Delivery/Operational Plans.

The previous Committee Action Plan is attached, and the Committee is requested to review and consider items to be included in our new Plan.

[D25/39988](#)**SUPPORTING INFORMATION ON COMPLETING AND UPDATING THE ACTION PLAN**

The Community Committee Action Plan outlines what the committee will contribute during the Council term. It should be **updated at least after each meeting**, and otherwise as required.

This template is provided to assist in developing the action plan, and to provide consistency across all community committees.

Action/Project: The general activity or project that the committee is providing advice and information on for Council, or is going to undertake themselves.

Community Strategic Plan Reference: The Community Strategic Plan is Council's chief planning document. It outlines the aspirations and needs of the Orange community and is a 10-year plan to guide Council and community activity. Linking activities to the goals outlined in this plan helps keep everyone working toward the same vision.

Tasks: These are the individual tasks that need to be undertaken to complete the action or project successfully. There may only be one task, or there may be several tasks included in a project.

Responsibility of: Is this an action or project that Council and its staff are responsible for, or is this something the community committee is going to undertake?

Cost Implications: Are there any costs involved with the project? If any recommendations are being made that impact the already approved Council budget, this needs to go to a full general Council meeting for discussion and resolution.

Start and End Dates: Some activities will be short term activities, some will be for a much longer period, perhaps even across the entire Council term. Providing start and end dates gives the committee (and Council) a timeline and targets to work towards. Dates can always be adjusted as needed.

Comments/Progress: Any time there is movement or progress regarding an action or project, it is recorded to keep track of where it is up to and what needs to happen next.

Updated: Record the date of when the last changes to an activity or project were made. This will help identify any projects or initiatives that may have stalled and need action to be moved along.

Good afternoon Jessica and Jason,

Thank you for following up on the Treadlies' infrastructure and safety-related items from the meeting. I note that Tony has pointed out that the blind corner on the Northern Distributer shared path is just west of the railway bridge. It's an awkward corner but perhaps a double-mirror setup working like a periscope, only horizontally, might work.

The bicycle hold rails for the southern end of Anson Street is what I had meant, but didn't know what the rails were called. Treadlies have tested the crossing and it leaves one in a vulnerable position when cars are coming both ways. The crossing is used by lots of walkers. I live nearby and would like to do a site visit for the proposed shared path connecting Rifle Range Creek crossing at the rear of Sundew Circuit to the top of Anson Street. There is a fairly steep section to negotiate as you go up through that reserve.

Kind regards,
Helmut

Good Afternoon Helmut,

This email is sent on behalf of our Manager Engineering Services, and will hopefully answer your queries raised at the bicycle committee.

1. Happy to have a site visit but we are seeking funding to install a cycleway along the red route below,

5. The works department will be installing a footpath from Gardiner Rd to the Rail crossing next year, subject to funding. A footpath will be constructed along Shiralee Road (rail crossing to Brabham Way) as development occurs. TfNSW is updating their ACLAM model and will have the Woodward St rail crossing included within the new model, this will ultimately attract funding from the Federal government under the RLCIP program to install boom gates and pedestrian/cyclist crossing facilities.

I trust this helps.

Jason
